The North Somerset Landscape Character Assessment SPD was adopted as a supplementary planning document in 2005. This original document is becoming increasingly out of date, with a need to refresh references, photos, and incorporate recent built development, consequential changes to boundaries and descriptions and note any changes in condition since 2005.
An updated document has been now produced and is available to view and comment upon through the council's online consultation webpage. The consultation will close at midday on 10 August 2018.
Following consultation the intention is to adopt the updated Landscape Character Assessment as a supplementary planning document.
- 5 There will be no other business at this meeting.
